

# Land management

## Forestry

### CS30 Maintain and Operate the Chainsaw

**Description** This course covers the regular operator maintenance required for petrol-driven chainsaws in workshop and field conditions, including starting procedures and pre-work checks and crosscutting. This course can be run as a stand-alone for maintenance and crosscutting only (please see CLMC42X on page 45) but is usually offered with CS31 as a five-day combined course.

### CS31 Fell and Process Small Trees

**Description** This course runs over five consecutive days and covers trees whose effective diameter at felling height is up to 380mm (15").

Start dates	Upon application		
Course code	tbc		
Duration & times	Five days (two days CS30, three days CS31)	9.15am – 4.00pm	
Location	Newton Rigg campus, Penrith		
Tuition fee	£450.00 (subject to funding)		
Exam fee	£110.00 (A) CS30	£97.00 (A) CS31	

### CS32 Fell and Process Medium Trees

**Description** This course covers trees whose effective diameter at felling height is between 380mm and 760mm (15" and 30") and is usually offered with CS34 as a four-day combined course.

### CS34 Process Individual Windblown Trees

**Description** This course covers single windblown stems which are still attached to the root plate.

You must have completed CS30/31 and CS32 training to attend these courses.

Start dates	Upon application		
Course code	tbc		
Duration & times	Four days (three days CS32, one day CS34)		
Location	Newton Rigg campus, Penrith		
Tuition fee	£360.00 (subject to funding)		
Exam fee	£97.00 (A) CS32	£97.00 (A) CS34	

## Land management Forestry

### CS38 Climb Trees and Perform Aerial Rescue

**Description** This course does not involve using a chainsaw, but covers the minimum requirements for a ground person working with a climber. It is usually offered with CS39 as a six-day combined course.

### CS39 Use of Chainsaw from Rope and Harness

**Description** This course covers using a chainsaw in trees to carry out a range of cutting techniques. To attend this course (combined with CS38 above), you must have completed CS30/31 and CS38 training.

Start dates	Upon application	
Course code	tbc	
Duration & times	Six days (four days CS38, two days CS39)	Monday to Saturday
Location	Newton Rigg campus, Penrith	
Tuition fee	£540.00	
Exam fee	£120.00 (A) CS38	£100.00 (A) CS39

### CS41 Dismantling Trees

**Description** Basic maintenance/crosscutting and felling for non-professional users. Covers standards for PPE, routine and daily maintenance, chain sharpening, fuelling, starting and use for felling trees up to 200mm diameter at felling height. To attend this course you must have completed CS38/39 training.

Start dates	Upon application	
Course code	CLMC41X	
Duration & times	Four days	9.00am – 4.30pm
Location	Newton Rigg campus, Penrith	
Tuition fee	£380.00	
Exam fee	£135.00 (A)
