

Woodland Management

One day workshop

Thursday 6th May

*Forestry Commission Wendover Training Centre
and Hockeridge & Pancake Woodland*

The Royal Forestry Society will be teaching this introductory workshop on basic woodland management which will include a look at how a woodland grows, seeds and planting, establishment and tending and how to manage a woodland sustainably by balancing public access, cultural heritage and wildlife with growing timber.

In the afternoon we will visit the nearby Hockeridge & Pancake Woodland and look at a range of basic tools and techniques and practice using them. Suitable for woodland owners, students and enthusiasts with a love of woodlands.
