EUROPEAN
WOODWORKING
SHOW

Welcome to the 7th European Woodworking Show at Cressing Temple Barns. The list of exhibitors is extensive and a wide variety of disciplines are showcased. We have major national and international tool suppliers supported by a host of excellent demonstrators.

The show will be of interest to woodworking hobbyists, enthusiasts and professionals but also has appeal to non woodworkers and families.

"The range and diversity of demonstrations was fantastic as was the range of tools to buy. The carving exhibition/competition on show was also a very pleasing touch which added variety to the day."

"best woodworking show I have ever attended"

"Cressing is a fantastic venue, so atmospheric and 1 day was not long enough to appreciate everything fully."

"It was great spread of crafts as well, with all sorts of talented and interesting people."

"Excellent examples of ancient timber craftsmanship in making large buildings from great timbers. Oh yes! The show, the stalls, displays, clubs, the variety of goods - trades and clubs - left little to be desired."

ENJOY THE SHOW!
